STATUS INQUIRY

Commissioner for Patents  
P. O. Box 1450  
Alexandria, Virginia 22313-1450

Dear Sir:

The subject reissue patent was granted May 22, 2007 in response to our application for issuance of the reissue patent to indicate the addition of inventor Alan Leszinske. The reissue patent No. RE39,642 was granted on May 22, 2007; however, it was noted that the reissue patent, as printed, did not include the second inventor's name.

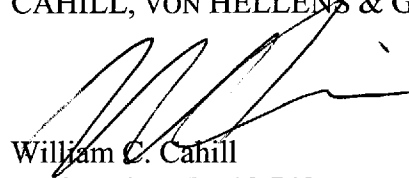

Accordingly, on August 23, 2007 a request to the USPTO was filed for a Certificate of

Correction to the reissue patent to include Alan Leszinske as an inventor. The last entry on the Transaction History of the USPTO website is "8-23-2007 Request to Make of Record Noted Concerns in Granted Patent".

Please advise when applicant may expect to receive a response to that request.

Respectfully submitted,

CAHILL, VON HELLENS & GLAZER P.L.C.

A handwritten signature in black ink, appearing to read 'William C. Cahill', is written over the printed name.
